

GUIDE: Legal requirement before sale – MAGNUM U LOCK + CABLE - 90 x 140mm + 120cm 100mm (MMAC163039)

REQUIREMENT CHANGE DATE: Immediately - under no circumstance can these be sold prior to having the key with the battery removed.

Any further questions please don't hesitate to contact us – **1300 361 686**

1) Remove the lock from the poly bag & remove the tape from the top cardboard cover

Take your time, being careful not to damage the packaging.

2) Pull down the cardboard flap to reveal the key ring

Limit how far you bend the packaging, ensuring nothing falls out while doing so.

3) Remove the key with a light, leaving the remaining keys

Make sure they are returned to the same area of the packaging, all attached to the single keyring in a way they won't fall out.

4) Recycle the Key with a light properly and safely according to guidelines

Alternatively, if you have a use for the battery, you can store it in a safe place until needed (make sure it is out of reach of children)

5) Seal the cardboard flap back closed, & put back into the poly bag for storing, or to the wall for sale.

Thank you for your assistance!
